Head Coach

WILLARD "BILL" HAMMER

Head Coach Bill Hammer is anticipating his second time around in the tough California Collegiate Athletic Association football title race. With one full year under his belt, he has had a chance to get into the swing of things and also get a few newcomers into a Gaucho uniform to even things up on the gridiron.

In his first season in 1960, the Gauchos were undermanned, outweighed, outscored, but not outfought. With a fine nucleus of returnees and several top-notch newcomers, the locals chances of lowering the boom on their rivals have improved about 50% under Hammer's solid guidance.

Before coming to Santa Barbara Coach Hammer completed two years as head coach at Iowa State Teachers College, going there from the University of Oregon, where he was line coach for the Webfoots.

One of Bill's highlights at Oregon was the 1958 Rose Bowl game when his Webfoot line put the clamps on Ohio State's vaunted backfield, and the Big Ten Champs had to resort to a field goal to win a close 10-7 ball game.

A 1949 graduate of Springfield College, Mass., Hammer played guard under Ossie Solem, who coached at Drake and Iowa before moving to Springfield. Bill also holds a Master's Degree (1950) from Springfield College and is working toward his doctorate.

Bill attended high school at Anacortes, Washington, where he was gradusted in 1937. An outstanding prep athlete, he made the all-Northwest Washington teams in both football and basketball.

A veteran of both World War II and the Korean War, Bill served with the Coast Guard both times. An L.S.T. commander in the Pacific during the second World War, he won nine campaign ribbons.

Hammer served as line coach and wrestling coach at the Coast Guard Academy during the Korean War and is a graduate of the Academy.

Bill and his wife, Dorothy, have four children -- Craig and Clyde, 14 year-old twins; Carl, 9; and Carol, 7.

Assistant Coaches

Dave Gorrie, Assistant Coach

Considered one of UCSB's great all-time athletes, Dave Gorrie returned two years ago after three seasons of professional baseball and a Navy hitch to take over as assistant football and head baseball coach.

Dave was twice selected to both the football and baseball All-CCAA teams before graduating in 1953. Also a graduate of Pasadena High and Junior College, Dave passed up an opportunity to play AAA baseball with Portland in order to accept the position at UCSB.

Joe Rector, Assistant Coach

Rector joined the UCSB coaching staff after one year as frosh coach for Oklahoma University. He played for Bud Wilkinson's Sooners in 1956-57-58 and was a three year letterman. A native of Muskogee, Oklahoma, he was chosen All-Big "8" conference right end and was team captain on the Sooners nationally ranked teams.

Harold "Rusty" Fairly, Assistant Coach

Harold "Rusty" Fairly, a 1955 graduate of the University of Denver, is a new and welcome addition to Coach Bill Hammer's football staff. Rusty has been the backfield coach for the University of Denver since 1958, having joined the Denver coaching staff as Freshman Coach in 1957.

Rusty is a native Californian, from Long Beach, and compiled a highly successful athletic record at Long Beach Jordan High School and Long Beach City College before completing his active athletic career at the University of Denver.

Rusty was a near unanimous choice as the All-Skyline conference quarterback after leading the Pioneers to a conference championship, and also leading the nation in pass interceptions in 1954.

Bill Shortell, Trainer

Bill Shortell, a student-trainer for the current year is a 1961 graduate of UCSB and is currently a graduate student in the Physical Education department at UCSB.

Bill attended Venice High School and Santa Monica City College before transferring to UCSB where he lettered two years as a second baseman on the varsity baseball team. As an upper classman Bill earned recognition for his academic achievement and campus activity by being chosen to become a member of the Blue Key National Honor Fraternity.

UCSB 1961

Now in his second year as Head Football Coach at the University of California, Santa Barbara, Bill Hammer is looking forward optimistically to the coming football campaign.

Anticipating a squad that will be at least 50% stronger than his initial Gaucho gridiron machine of last year, Hammer has been scouring the woods in the off season in quest of talent to fill up the depleted UCSB roster.

On the basis of their former efforts and their showing in spring practice, it looks as if Hammer has good grounds for his optimism. The addition of at least 15 good ball players destined to help raise Gaucho fortunes combined with the return of 14 lettermen from Hammer's first Gaucho squad should give the Santa Barbara contingent in the California Collegiate Athletic Association the going power to raise some havoc among the ranks of opponents.

The addition of several fine offensive threats plus the continuation of the "rock-hard" defensive play, already a characteristic of Hammer's clubs, should bring several victories to the Gauchos in 1961.

The addition of new faces at nearly every position has allowed Hammer to switch some of his personnel from last season's squad back to their normal positions, a move that should prove to be very successful. The initial lack of numbers and the injuries that plagued the Gauchos last year forced many lineup changes during the season and resulted in players holding down positions other than those of "first love."

The tempering and stabilizing of newcomers' enthusiasm by experience and desire should prove to be a successful hallmark of the 1961 Gauchos. Look for the Gauchos to have a good year on the gridiron.

Captains

Tom Stoffel

This season will be Tom's third year as a starter for the Gauchos. Tom is a 6' 2", 218 lb. senior tackle from Sierra Madre, where he played just one year of High School football but was named to the 3rd team All-CIF squad. Tom should really come into his own this year after having three years of college football experience. Tom is exceptionally fast and agile for a man of his size. Last year Tom did yoeman work for the Gauchos, going all the way in most of the games. Tom's outstanding efforts have not been overlooked; in 1960 he was named the Gauchos Outstanding Lineman, and was also chosen All-NAIA 3rd district Honorable Mention.

Tom is a major in the Physical Education Department at UCSB and upon graduation in June he looks forward to entering the coaching field.

Curt Curtis

Curt is a 21 year old senior physical education major from Lawndale, California. Curt stands 5' 9" tall and weighs 180 lbs. and runs from the left halfback slot in the Gaucho backfield. He played high school football at Leuzinger HS where, in 1956, he received All-League Honorable Mention honors. After graduating from Leuzinger, Curt played one year at El Camino JC where he was named that team's Outstanding Defensive Back. Curt's first year with the Gaucho varsity was the 1959 season which for Curt was an injury riddled season. Curt came back with an excellent year last season. He carried the ball 40 times for a net gain of 135 yards, and a 3.4 yard average per carry. He had a 20 yard average on kick-off returns, and a 23 plus average in the pass receiving department. If Curt keeps improving as he has been, the 1961 season could see him really come into his own.

George Dyer

George is a 21 year old junior majoring in physical education. He is a graduate of San Gabriel HS and Mt. San Antonio JC where he received two valuable years of football experience. Has very quick reactions and fine lateral movement, and uses his 5' 11", 192 lb. frame most efficiently. George has been used at both guard and center positions with great results at both positions. On defense he is usually situated at one of the linebacker slots. Last year George was chosen as the Most Improved player on the team, a good indication of his desire to play and to win.

Charlie Coventon

Charlie is a 5' 7", 175 lb. 21 year old fullback from Compton, California. This will be his third year of varsity football at UCSB. Last year he carried the ball 36 times for a net gain of 125 yards and a 3.5 yard average per carry, and he was also the third leading scorer on the 1960 Gaucho squad. Charlie is usually the shortest man on the field, but the other team is always aware of his presence. He has come to be known as the "Mighty Mite" of the Gaucho team. Charlie has excellent speed, a very fast start, and very quick moves that enable him to break away for needed yardage time and time again. While at Compton HS he was chosen first team All-League, and was voted "Most Inspirational" at the Elks Annual East-West All-Star classic in his senior year. Charlie is an Industrial Arts major and looks forward to a career in industrial management or teaching.

Rowen is expected to try to carry on the Verducci tradition. However, he has a man-size job.

The men who will be expected to carry the load for the Gators this season will be guards Allen Abraham, All-FWC defensive star; center-tackle John Kuizenga; halfbacks Tom Manney, John Tolliver and Errol Harris.

PROSPECTS -- Coach John Godfrey is beginning his second year as headmaster of the Poets, and he will be attempting to improve on last season's excellent SCIAC championship team.

Last year's passing combination of Bill Vail, QB, and Ken Gregory, End, will be two voids in the Poets line-up that are sure to be noticed. Gregory, with the aid of Vail, broke Fred Tunnicliffe's NAIA pass reception record last year.

SERIES -- Since 1926, 17 games; UCSB 4, Fresno St. 12, one tie.

PROSPECTS -- Fresno State is faced with the exact reverse of the problem that faced them at this time last year. Last year, Coleman had to rebuild the FSC line to go with the slick veteran backfield. This year it's the line which is loaded with vets, but the backs are all gone. All four backfield starters, including Mid-Bracket All-American Dale Messer, graduated. Of the 21 lettermen due back, all but five are linemen.

The line is all-veteran and is headed by Little All-American guard Doug Brown, a still-growing 250-pounder. Including Brown three of the FSC linemen were All-CCAA selections last year.

Joe Womack, who has already been drafted by the Pittsburgh Steelers, will be leading 21 title hungry lettermen in LA State's strongest bid for the CCAA championship.

Womack, Harold Gray at center, and Dick Carey at end form the tight nucleus of Coach Adams' squad in it's quest for the conference title this year.

Coach Reed has 18 lettermen returning this fall, among which are first team All-CCAA tackle Hector Alvarez and second team All Coast guard John Reed.

With the expected JC transfers and the best of last year's JV team, the Long Beach State eleven could be a strong three deep title contending team this year.

All Aztec fans are filled with optimism over their team's chances in the forthcoming season. This year's eleven will feature the "I" formation with offense and scoring the main forte.

Coach Coryell is banking heavily on a fine crop of JC transfers led by JC All-American back Mario Mendez.

NICKNAME, COLORS & ENROLLMENT -- Waves, Blue and Orange, 1,072.
HOME STADIUM -- Sentinel Field, Inglewood (8,500).
SPORTS PUBLICIST -- Warren Turnbull
SERIES -- Since 1949, 9 games; UCSB 4, Pepperdine 5.

PROSPECTS -- Pepperdine lost only three members of last year's varsity through graduation,but injuries and scholastic eligibility difficulties will force the team to go into the 1961 season without the services of several 1960 starters.

On the bright side of the ledger, end Robert Hultz, record-breaking fullback, Ron Wootton, and newcomer halfback, Bobby Wilhoite should furnish plenty of offensive spark. Team will lack depth, although a promising group of freshmen may bolster some positions.

UNIVERSITY OF CALIFORNIA
SANTA BARBARA

The University of California, Santa Barbara, as a campus of one of the world's outstanding universities, offers a rich and well-balanced educational program in a setting distinguished by its natural beauty.

The campus is on an elevated promontory of the California coast, a few miles west of Santa Barbara. One boundary ends at the Pacific shore another at the edge of a plateau facing over the community of Goleta and the Goleta Valley. Some miles distant, across the valley, the Santa Ynez Mountains rise abruptly, forming a colorful backdrop.

The Santa Barbara campus, which traces its history back to 1891, moved in 1954 from a crowded location in the city of Santa Barbara to its present site. Since that time many new buildings have been completed, and others are under construction or in a planning stage. Plantings of palms, olive trees, and semi-tropical shrubs accent the angular, cinnamon-colored facades of the buildings. Sundecks, breezeways, extended roof lines, and broad courtyards and paths create an inviting atmosphere and contribute to the enjoyment of Santa Barbara's mild climate.

Santa Barbara is opening a School of Engineering in the fall of 1961. On the graduate level, curricula leading to the Master of Arts degree are offered in fifteen fields and to the Doctor of Philosophy degree in two departments. Future expansion will bring additional graduate offerings.

In 1961-62 year, the enrollment will be close to 4,000, with rapid growth anticipated in future years. Currently, there are 1,700 students living in campus residence halls and hundreds more living in Isla Vista, a community to the west, which is within walking distance.

A glimpse of future campus development at Santa Barbara is indicated by the adoption by the Regents of the University of a master plan which will eventually provide facilities for an enrollment of 15,000 students.

The University of California, a seven-campus institution, is state-supported, coeducational, and nonsectarian. The attainments of its faculty members, the extent and quality of its library holdings, and the level of scholarship maintained by its students have all contributed to its reputation for academic excellence. In addition to the Santa Barbara campus, the University has campuses at Berkeley, Davis, Los Angeles, Riverside, San Diego, and San Francisco.
